I UNIGROUP MEETING EUROPE VII UNIGROUP MEETING SPAIN

Dear colleagues,

One more year, the time for Unigroup has come. This is our/ your VII National Meeting and this year, there is a novelty, it will be the I European Meeting.

Conservative Knee Arthroplasty is currently very important for Gonarthrosis treatment and solution, not only for its efficacy, but also for its efficiency and tested effectiveness for patients and Healthcare system. We have prepared a Theoretical and practical scientific program with a line-up of invited teachers aimed to Arthroscopic and Orthopedic surgeons; and we are confident that we will reach the objectives of this kind of meetings and will meet participants' expectations.

Last but not least, I would like to thank Hospital Fundació del Esperit Sant in Santa Coloma de Gramanet (Barcelona), Anatomy Section at Faculty of Medicine of Universitat de Barcelona and Smith and Nephew for its support and collaboration.

Looking forward to greet you personally.

Dr. José Fco. Aragón Martínez
